Shri Shankaracharya Institute of Professional Management and Technology
Computer Science in Bachelors of Technology
CGPA: 7.9

Raipur
2022 - 2026

EXPERIENCE

Ilika.Earth | Full Stack Web Developer Intern

Remote | August 2025 - Present

- Developed and maintained responsive, user-friendly web applications to support the company's environmental and sustainability initiatives.
- Collaborated with cross-functional teams to design and implement scalable features using modern web technologies like, React.js, Next.js, Node.js, Tailwind CSS.

UI Designer Solysian Tech Private Limited | UI Designer

Remote | Jun 2025 - Aug 2025

- Designed clean and simple UI screens in Figma with a strong focus on clarity and spacing. Organized components and layouts to keep the interface easy to understand.
- Improved designs based on feedback and refined them into polished final versions.

SKILLS

Programming Languages: C, C++, Java, JavaScript, HTML5, Python
Libraries/Frameworks: React, Bootstrap, Tailwind CSS, Pure CSS, Next.js
Tools / Platforms: Git, Github, VS code, figma, Postman
Databases: SQL, Supabase, Firebase, MongoDB

PROJECTS / OPEN-SOURCE

Industrial Machinery Management & Maintenance System | [Link](#)

JavaScript, Next.js, Node.js,

Firebase, Render, MongoDB, Tailwind CSS, JWT

- Developed a SaaS-based machinery management system to handle machines of all scales, featuring AMC tracking, maintenance scheduling, and real-time monitoring through a centralized dashboard.

Multi-Industry Business Management Platform (SaaS) | [Link](#)

JavaScript, Next.js, Node.js, Firebase,

Render, REST APIs, MongoDB, JWT

- Developed a scalable SaaS platform enabling businesses across multiple industries (Gym, Salon, Retail, Restaurant, Manufacturing, and Medical) to manage operations, including customer handling, appointments, inventory, billing, and analytics through a unified dashboard.

Garba Ticket Booking Web App | [Link](#)

Next.js, Node.js, Express, UI Libraries

- Built a modern Garba ticket booking web app with a clean and intuitive UI for seamless event pass booking.
- Implemented a smooth booking flow and a mobile-first responsive design to deliver an optimized user experience on smartphones.

Ochi | [Link](#)

React, JavaScript, Tailwind CSS, Firebase, Framer Motion, Locomotive Scroll

- A visually-rich, high-fidelity clone of the Ochi.Design website, crafted using modern frontend tools React, Tailwind CSS, Framer Motion, and Locomotive Scroll. This clone replicates smooth transitions, scroll-based animations, and an elegant layout inspired by the original site.
